#### Project Goals

1. We plan **three major publications** reflecting the most important directions of our research effort:
  - A **monograph** in Romanian, aimed primarily at historians and the general public, on the history of the abolitionist movement in the Romanian principalities.
  - An **anthology** of team members' individual articles for publication in English, aimed primarily at specialists abroad.
  - A **collection of texts** by the Romanian abolitionists, with notes and an introductory study.
2. A **volume** presenting materials of a symposium we plan for 2013.
3. Scholarly **articles** in journals or anthologies in Romania and abroad.
4. Presenting **papers** in Romanian and international conferences.
